Documentation

1. How to install the addon?
2. How to make an order from the admin panel?
3. How to make an order from the seller panel?

How to in Details

1. **How to install the addon?**

   Answer: To install POS Manager Addon you need to follow the below steps :
   - **Active eCommerce cms** should be **pre-installed** on your server.
   - **Purchase** and **Download** the **POS Manager Addon file**.
   - **Login** into your admin panel of the system
   - Go to **Addon Manager**
   - Click on **Install New Addon**
   - Choose the **downloaded zipped file** and click on **Install**.
   - After Installation, you will find the **POS Manager in your left sidebar** of the admin panel & Seller panel sidebar menu.
   - Now you can make orders from your panel & sellers can make orders of their products from their panel.

2. How to make an order from the admin panel?

Answer:: Follow the below steps to make an order from admin panel

- Login to your admin panel.
- Go to **POS Manager** from **admin side menu**
- **Select a Product**(admin can only add admin products)**.** You can search product with name/barcode & filter with category/subcategory/sub sub category & brand

- Now **Select variation**(if that product has variation).

- Then add the product in the order. You can add more products if you want. You can also change quantity.
- You'll see all added products in **right side list**
